10	Student feedback mechanism on institutional Governance/faculty performance	At the end of every academic year the feedback about faculty performance is obtained through filling of the standard feedback pro-forma by the students. Students’ feedback is analyzed and if found any weaknesses of any faculty members, the same is informed to the concerned with the advice to improve upon.																																
11	Grievance redressal mechanism for faculty, staff and students	Yes reviews the grievances received and resolves them. Based on the severity of complaints, it is resolved around the time limit suggested by management. Identity of person filing complaint in suggestion boxes is kept confidential. The solution/decision concerning suggestion is communicated to related committee/cell or individual of the Institute for further action.

Best Practices adopted, if any					
Best Practice-1: Provision to pay a fee as per the convenient installments for economically weaker students. Objective- <i>ShriTuljabhavaniSevabhaviShaikshanikVaSamajikShikshan Sanstha, Kothari</i> was established in the year 1999 by Honorable Mr. Prashant Morey with the Prime vision to provide higher Professional education. The context- <i>Shri TuljabhavaniSevabhaviShaikshanikVaSamajikShikshan Sanstha, Kothari</i> has established Hi-Tech College of Pharmacy, Chandrapur which provide quality education in the field of pharmaceutical science for the betterment of the healthcare system. The Practice- The students who are not able to pay the fees at a time specially belonging to economically weaker sections are allowed to pay fees in installment. The students from the OBC category who get 50% of fees as scholarships are also allowed to pay the fees in installment. We also assist the students to get Scheduled Cast Scholarship, Schedule Tribe Scholarship, OBC Scholarship, NT/VJ/DT Scholarship, SBC Scholarship and GOI Free ship, Minority Scholarship. Also, our Management provides financial assistance to needy and poor students, by giving concessions. Problems encountered and resource required- Institute finds itself in problem due to delay in the scholarship to the institute. This delay in the scholarship is the major problem; to encounter the same government should disburse the scholarship timely. Best Practice-2: Guardian Teacher Scheme					

2. Objectives of the practice

- Identifying and clarifying students' academic performance and professional aim.
- To discuss academic, social, health awareness importance of physical fitness, students regarding the study, study material availability, college facility, campus discipline, syllabus, result analysis, etc.
- Encouraging students to face challenges with greater ease and confidence.
- To establish a good sense of relationship with students so that there develops a healthy teacher-student relationship.
- Helping them to get back on track when distracted.
- Counseling the students and interact with them in a one-to-one manner.
- Guiding the students to choose the right career path.
- Development of strategies and action plans that yield results and improve the quality of life of students in many respects.
- To make students motivated and committed until successful completion of the course.

The Context

The Class Teacher is appointed to every class of D-Pharm and B-Pharm; apart from this the Guardian teacher is appointed for a batch of 20 students. The Class teacher and guardian teacher identify the weak students and counsel them in regular practical hours. In this scheme, there is one-to-one interaction with students. For a batch of students, a teacher is assigned the role of Teacher-Guardian. Guardian Teacher is a professional relationship in which faculty assists a student in developing specific skills and knowledge that enhances the student's professional, academic and personal growth. Guardian teacher works as a friend, philosopher, and guide for the students. He/ She keeps the track of every student's day-to-day activity and records daily attendance, test results, internal assessment, and other related information of students. He/ She encourages the students to participate in co-curricular and extra-curricular activities. He/ She give academic feedback to the parents/guardians regularly. He/ She counsels the students to solve difficulties encountered not only on a college campus but in their personal lives too. Guardian teacher acts as a mentor to students and offers them emotional and academic support along with motivation. The teachers of the institution take up the responsibility of safeguarding and nurturing the newly admitted students. The teacher helps them to get acclimatized to the environment.

4. The Practice

For proper record maintenance, a batch of approximately 20 students is usually placed under a Guardian Teacher. Once in a fortnight, the Mentor meets the students under him/her. Each Guardian Teacher maintains the students' databases and reports the same to his/her class teacher. Any urgent intimation is often carried out. Guardian Teacher has direct communication with the Class Representatives (CR). Guardian Teacher meets with each student several times during the semester to discuss academic and non-academic issues. The issues include:

- Students' study habits
- Study planning and techniques
- Students' attendance
- Personal life problems
- Examination preparation
- Weaker student identification

5. Evidence of Success

- Improved teacher-student relationship.
- Improvement in students' attendance.
- Improvement of academic performance of the students.
- Improvement in participation in extra-curricular activities.
- General awareness about Anti-Ragging.
- Improvement in Students' discipline.

6. Problems Encountered and Resources Required

Faculty members who are not familiar with the culture and instinct of the Guardian Teacher might take some time to get familiar with this system. They are separately educated by the experienced faculty members to get involved in the Guardian Teacher. Sometimes to take out time for allocating sufficient time for one-to-one interaction with a student from regular academic classes become a constraint for the faculty members. However, the institute encourages and appreciates such activities through the annual appraisal of the faculty members.
